So close are the comparative merits of the two motor boats, one built and owned by Ben and Henry Hosmer, the other a product from the mechanical genius of "Mickey" Welch, that a matched race may take place, possibly on July 4th. The Hosmer boat has the unofficial reputation of being the speediest shell on the lake, "Mickey" has grave doubts and frankly admits he is right from Missouri.

Mr. Wheeler's wife is living and he is happily surrounded at his 76th birthday. He was born in Dixfield, Me. All his friends hope there are many more birthdays in store for him.

James A. Shedd Injured by Auto

As James A. Shedd started out on Sunday morning at the Methodist church, Richardson's market, and just as he stepped out into the street he was run into by Sam Isaacson's auto truck which was slowly coming up the street. His head was badly cut and bruised and two of the wheels passed over his body. Mr. Isaacson stopped within five feet of the accident and assisted him into an auto which carried him home. He was badly shaken up and bruised, but no bones were broken.

Carroll, Jellerson Co. Foreman Enters Service

Frank M. Buckley, who severed his connection with the Carroll, Jellerson Co., Saturday, to enter the service, was presented a valuable wrist watch with illuminated dial in a heavy black bracelet by the employees in his room and the overseers of other departments. The crowd gathered when Charles S. Akers, in behalf of the donors, made the presentation speech, first touching on the pleasant relationships which existed between the foreman and the employees and second on the patriotic duty which he was to perform. He was taken entirely by surprise, and was deeply touched. The Service flag was adorned by a large star in the center on which was embroidered his initials. He is the eighth who has gone from the treasuring and packing room.

Mr. Buckley is a young man highly respected by all who have made his acquaintance. He was more than a foreman in his department, he was a person, a friend to the men under his charge and throughout the factory. All wish him success as a soldier and a safe return to civilian life after the war.

Fiftieth Anniversary Services

Rev. Warren N. Tenney of Boston, Mass., "The Black-board and Sunday School Man", who was converted at North Norway, fifty years ago, is coming to celebrate his fiftieth anniversary next Saturday and Sunday, June 1st and 2nd. He is to bring his blackboard along and at 2:30 p. m., Saturday, June 1st, give a talk to the boys and girls at the Jones schoolhouse, North Norway and deliver an illustrated sermon Sunday next at 10:30 a. m. in the Union church at North Norway.

Your first duty is to your self and I ask nothing for the advice, but the Red Cross has a big hold on all of us.

I presume some would be ashamed to let the world know how little they gave to the Red Cross. When a person is worth from \$15,000.00 to \$30,000.00 gives one dollar it seems a small contribution when in this town have done.

Deputy Sheriff Harry O. Stinson returned Saturday from attending court at Rumford. The session adjourned until June 12 for special business.

James Wright went to Boston; Thurgood and returned Sunday. Mrs. Wright, who has been there for three weeks returned with him.

Frederick M. Davis played violin with the orchestra at the dedication of Harry Brown's school mill at North Waterford, Saturday night. He remained until Monday with Newell Andrews. Several auto loads carrying dancers from the village also attended the celebration. Everybody reported a good time.

RED CROSS PARTY

Mrs. Ines M. Cummings opened her large residence on Pike Hill Tuesday evening for a Red Cross card party. Never in the history of the hill did so many people climb it as they did right round eight o'clock.

The house and grounds were brilliantly lighted and tastefully decorated. The fine views from the windows and the outside entertained the guests till night drew its darkening shadows over all and even then the twinkling lights in the valley and farther distance lured many to the spacious piazzas.

Forty card tables were set for the games in the several rooms on the first and second floors. Mrs. George Waters received the first prize, \$3 in War Thrift stamps; the trophy, a tie, the prize going to Mrs. Eugene Smith and Frank Brett. Billiards, pool and various card and other games were played in the first floor section. The net proceeds were about \$45.00. In the attic the young people who wished, danced. The roomy place with its nice dance floor, lofty roofs and airy windows is not the confined place an attic pictures to the mind, but an ideal hall for dancing.

Delicious refreshments of sherbet, fancy crackers and cake with water from the famous spring just back from the house, were served by the hostess. Efficient waiters deftly and quickly attended the large party.

Memorial Day at Norway

Everybody turn out Memorial Day and make this observance one long to be remembered. It is the duty we owe the veterans of our past wars, and surely our patriotism should stir a feeling of appreciation to the noble fellows at this time who have sacrificed their lives for the world's freedom.

As has been wisely suggested, "Let us make this day a sacred one, and put aside the sporting events which crowd from our thoughts the real meaning of this National ceremony which should command our thoughtful attention."

It is not necessary to be overcome with morbid grief as a symbol of deep gratitude to our heroes, but let us all pause at least for one day as a testimonial to those who have answered the call whether at home or across seas, and in honor to the soldiers who have been mustered into the vast army across the invisible border.

The procession starts from Woodman hall at 9 o'clock Thursday morning. Capt. J. Waldo Nash will act as marshal, the following order will be observed:

Bryant Pond Band, Boy Scouts, Fraternal orders: Moose, Modern Woodmen, G. O. E., K. of P., I. O. O. F., Masons, School children, Firemen, Sons of Veterans, Associate members G. A. R., G. A. R. in autos, ladies of the several orders in autos and electric car, 5 cent fare.

Exercises at Pine Grove Cemetery will be conducted by Rev. M. O. Baltzer and Cecil Brown, sec. At Norway Opera House at 2:30 o'clock. Prof. W. B. Mitchell of Bowdoin College will deliver an address. Stearns' Orchestra will furnish music and Berenice Nash will sing.

Mr. and Mrs. Charles Elwell of Cumberland Mills are the guests of their cousin, Mrs. Eugene Hutchins and family.

Minnie Littlefield has gone to Plymouth, Mass., to work for the summer.

John Spurge, Jr., and family of New Jersey, who have occupied the Emma Swan cottage at the lake for two seasons, have leased the Crommett cottage, Robinson, for the summer.

Dora Moulton of Portland has been visiting friends and relatives in Norway and South Paris a few days this week.

Mr. Charles G. Blake has been on a two days' visit with his niece Mrs. Lyman B. Chipman, and party from Portland.

"I've fished this brook 'Will' and so have you if you will not say anything about it, I won't," remarked Mrs. W. A. Bicknell and the party making it supposed the brook was closed to fishing, but it was not and Bicknell was that cruel as to let him go home thinking he had violated the Fish and Game Laws. James Shedd is our authority on the matter.

Mrs. Harold Anderson was in Portland, Tuesday to attend the funeral of her brother, Karl L. Tower.

Priv. Clayton E. Heath, Co-E, 101st Engineers, A. E. F., writes his parents, Mr. and Mrs. Timothy L. Heath that he had been at the front forty days, after a rest of three days they were sent again to the advanced line for another grind. Commenting on the German shells he writes that the high power missiles when they explode are "super blasting."

Mrs. Harry P. Jones and her mother, Mrs. Charles H. Adams have been visiting at C. Howard Lane's, West Paris.

Fred Bartlett of Andover was in town recently on business.

Peter MacQueen, who lectured here in the Winter Chauteaugus is a noted traveler, lecturer and retired clergyman, has a summer home at Boothbay Harbor. He will deliver more than 100 lectures during a summer Chauteaugus tour in Pennsylvania. In September he goes to travel as a newspaper correspondent of Leslie's. Mr. MacQueen is personally acquainted with Gen. Pershing, whom he met during the Filipino insurrection, and also is a friend of Gen. Charles D. Edwards, formerly of the department of the north, and now on foreign soil and many other American officers of note. He has adopted Maine as his home.

The June-meeting of the D. A. R. will be held Wednesday, June 5th, at Mrs. George Andrews. The held day planned for that day has been indefinitely postponed. The paper, "Azisoo's Dam" by Mrs. Sarah S. Bennett will be read and other numbers added to the program.

Harry Spiller, A. L. Cook, Phil Everett and Herman Richardson were at Pond in the River last Tuesday. Billed in a far out Shortie led in his shop until 1 o'clock when awakened by the night watchman as per previous arrangement. They were to be met at South Arm at 5:30 by a special boat and were due to be at Middle Dam at 6:15 and fishing at 7:30 a. m.

BASE BALL

Norway High 9, Oxford Independents 6

Norway High defeated a combination from Oxford which included players from the Oxford High school and the village in an interesting game at the fair grounds Saturday afternoon.

It was late before the contest started as the visitors were bothered to secure means for transportation. Little time was squandered after their arrival as both teams were anxious to get after the sport and do something.

Oxford opened strongly and secured two easy runs on errors. Norway's batsmen failed to connect with Fuller's speed until their second inning. With three hits and two passes they pushed across six runs, giving a lead which was not overcome. After this wild start both sides quieted down to steady playing, frequently showing speedy base ball.

Truman Lost Last Match

Homer Truman won the first fall and lost two when matched with Scotty Campbell of Biddeford at Norway Opera House, Tuesday evening. The Norway Champion got his fall in 16 minutes, while Campbell landed his man in 7 1/2 and 17 minutes, respectively. Fred Gregg the promoter, was referee and Mickey Welch, timekeeper.

The attendance was not large, but the draftees, who were the guests of the manager, added to the number and the enthusiasm. This main wrestling bout was well carried out with honors nearly equal. Both contestants went after the prize with a relish and fought hard on every fall. Campbell undoubtedly had been warned beforehand that Truman's scissors were not to be trifled with and kept clear from that hold. He showed great skill and speed, living up to his reputation as a veteran of 150 battles in several states and a close second to John Kilonis. Truman wrestled with his usual skill and was kept on the move because of the aggressive tactics passed along by his opponent.

In the preliminary Kid Ledger won over Kid Lapham. Lapham took the first in 6 minutes but Ledger warmed up quickly, securing two straight in 6 and 14 minutes.

Kid Yovog in the semi-final got his first fall from Kid Albert Payne in 9 minutes, but lost two as "Paynie" limbered up and fought like a wild cat, securing a win in 14 and 29 1/2 minutes. The referee decided to call the bout a draw in 34 minutes as the boys were so closely matched during the last round a winner seemed impossible to pick.

A free complimentary dance was given the draftees after the match. Fred Gregg donated the use of the Opera House and Fredrick Howe made all arrangements as notifying the local dancers and supplying the music. Pennesseewassee Mandolin Club furnished the music.

A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Norway people.

Wm. O. Needham, retired farmer, Main St., Norway, says: "At different times, when I have taken cold, my kidneys have become affected. Several years ago when I felt that my kidneys needed attention, I got Doan's Kidney Pills from P. P. Stone's Drug Store. They strengthened my kidneys, ridding my system of the excess of uric acid and in a short time I felt much better."

The above statement was given July 24, 1908 and on June 6, 1916, Mr. Needham said: "I still endorse Doan's Kidney Pills and my confidence in them is as strong as ever. I occasionally use Doan's when I feel in need of them and always get fine results."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Needham had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Appointed Signal Officer

Lieut. Charles K. Flanders, formerly of Norway has been recently appointed signal officer at Camp Merritt. He was born in Massachusetts, but was brought up in the state of Maine, residing in Stoneham and Norway while a boy.

Mr. Flanders was graduated from the Norway High School, and was for some time a conductor on the Norway and Paris street railway. Later he went into telephone work and was consequently manager of the telephone companies in Readfield, in Livermore Falls and in Lisbon Falls. At the time of his enlistment Aug. 23, 1917, he was district commercial manager with headquarters in Rumford, having charge of a territory of ten exchanges.

Mr. Flanders was a member of Co. D at Norway in 1905-8 and attended the second Plattsburg training camp in the 8th New England company, received his commission as first lieutenant of infantry on Nov. 27, 1917. He was assigned to Camp Devens. In December he was transferred to the signal corps and was assigned to Camp Alfred Vail at Little Silver, N. J., in March and later to Camp Merritt.

His brother, Joseph Flanders, is now at Camp Devens, where he made his home. Mr. Flanders is married, his wife the former Lola Knowlton of Livermore Falls exchange at the time of her marriage. Mrs. Flanders is with her mother Mrs. W. J. Mackay at Hartford while her husband is in the service.

Mr. Flanders is a 32nd degree Mason and claims his home as the army just now, although he says that Norway and Livermore Falls are dear to him and the latter his home town. His father died when he was about 9 years old and he was the man of the house for some time. He has a mother, two brothers and four sisters.

Among the local sports who attended the Kilonis-Campbell wrestling match at Lewiston Friday night were Homer Truman, Bert Truman, Fred Gregg, Mickey Welch, Don Whitney, Roland Hussey and Harry Morey.

Mr. and Mrs. Joe LeClair of Lewiston spent the week-end in town with relatives on Brown street. Mr. LeClair has given up shoemaking until fall and will farm during the season.

Mrs. Esther Cushman is with her sister, Mrs. Fannie Frost, for several weeks.

Gary Locke, son of Mr. and Mrs. Alec Locke Fair street, was knocked down by a team on lower Main street Thursday afternoon while dodging behind the auto street sprinkler for a shower bath. He failed to notice the team coming in the opposite direction and ran directly into the vehicle. Leon Newcomb the auto driver, is pestered with children who, without thought of danger, rush into the street for a cool foot bath. It is a dangerous pastime and parents must warn the youngsters against this practice.

Florence E. Scothorne, who recently graduated from the Maine Eye and Ear Infirmary and commenced professional work at Portland, has returned because of illness and is spending a vacation with her mother, Mrs. Fred Gurney, at Hebron.

Aaron M. Babb of Tucker street is able to walk about near his home and work for short periods in his garden. He has been ill about two years, being confined to his bed much of the time.

Sergt. John C. Collins of Fort Levitt was in town, Saturday and Sunday visiting friends.

Senior Play, The Colonels Maid

One of the best local offerings for a long time was the three act comedy drama, "The Colonel's Maid," presented in the Opera House Friday evening by the Norway High School actors. It was a bright, witty play well acted and not too heavy for the cast, who carried out their respective characters in a creditable manner. A large house greeted the actors, and a new sum which will be useful at commencement was realized.

The play belongs to the popular variety with clean fun and ridiculous situations at every turn, developing into a most complicated climax. It is the smoothing out of this most absurd condition into which three families are plunged through youthful matrimonial plotters, that hold the audience in suspense to the end.

Col. Robert Rudd and Col. Richard Byrd are enemies. Rudd's son and Byrd's daughter wish to marry, but knowing the family feud, agree to win the consent of both parents before taking the step. Marjory Byrd enters the Rudd home as Hannah Katzenjammer, a domestic aid assistant to a Chinese cook, Ching-Ah-Ling. She wins the affection of the senior Rudd, who wishes legally to adopt her without knowing any past history. A sister-in-law, Mrs. J. John Carroll, and daughter Julia come into the home and scheme to unite the son and daughter. The young people have other plans so fail to measure up to the demands of the over anxious and exasperated parents. In the meantime Col. Byrd traces his daughter to the Rudd home and a stormy meeting occurs between these two persons. Byrd searches the premises but fails to meet his elusive daughter, thanks to the cleverness of Ching-Ah-Ling, the son Bob Rudd and Marjory Byrd, who hold all the trump.

When Ned Graydon appears at the home matters become more complicated. He loves Julia Carroll, but her mother objects strongly. To overcome her prejudice, he enters the game with the young plotters and masquerades as a student-soldier. A faulty memory in critical moments nearly upsets the whole proposition yet he blunders along until an elopement with Julia is necessary to bring the situation to a climax.

At the end of this ridiculous snarl, Col. Byrd discovers in the widow, Mrs. Carroll, a former sweetheart, whom he believed married Col. Rudd after a duel years before, which caused the bitter animosity. He proposes to the widow and is accepted, a reconciliation with Col. Rudd follows.

Col. Byrd's daughter, who is now a student, and Col. Rudd is astonished, but delighted, to learn she is not "Hannah Katzenjammer," but his son's affianced. Ned Graydon and his wife, formerly Julia Carroll are forgiven and happiness reigns supreme.

Harold A. Anderson as "Col. Robert Rudd," a widower of North Carolina, was a hot tempered and caustic tyrant, who pined quickly, but put on the reverse at a moment's notice. David Klain as "Bob Rudd," his son, in temper, proved a chip of the old block, matching his stubborn will against his father's and played a scheme which outwitted the stern Colonel. Arthur Bartlett in the personage of "Col. Richard Byrd," a widower of South Carolina, was another stern character who had a deadly grudge against every person named "Rudd," and fully as explosive as his worst enemy.

His daughter "Marjory Byrd" as played by Ruth C. Akers, also had inherited a strong will and condescended to play a mental game with the Rudds for the sake of being near her lover and winning a family reconciliation. Adeline DeCoster as "Mrs. J. John Carroll" impersonated a fashionable widow who, everlastingly berated her brother-in-law for the "stupid" methods about the home, but agreed with him to force a match with the daughter and son, through the power of strong personality. "Julia Carroll" represented by Marguerite Frost, had no special love for Bob and would not give up her maternal domination.

On the contrary she remained true to Ned Graydon and won after a tempestuous voyage. Roger Sloane as "Ned Graydon," a young gentleman of exceedingly faulty memory, was a winner hands down and showed away the championship given for perturbation par excellence. His experience in the Rudd household under the assumed names of "Abraham Dixby," "Alonso Benzine" and "Aaron Burr" while selling iridescent face powder, tricolor suspenders and ladies' belts, was a line of real comedy. He also doubled as "James Baskom" the lawyer who was called into the play when Col. Rudd in a fit of temper threatened to disinherit his son, Roland McCormack who portrayed the crafty "Chinese cook," "Ching-Ah-Ling" proved in the end a valuable aide-de-camp and guardian of the peace.

The long headed "chink" worked in conjunction with the "children," but was a thorn in the flesh to the crotchety Col. Rudd and his exacting sister-in-law.

Harold A. Anderson, well known to the local theatre public coached the players and staged the three scenes which were set in Col. Rudd's kitchen and his library.

Costumes were loaned by Brown, Buck & Co. and Furness's Furniture Store. Ned Burnell placed on the facial make-up. Miliken's orchestra of four pieces furnished music for the play and dance that followed.

Mr. and Mrs. Francis A. Chandler arrived from Schenectady, N. Y., Sunday night on the return to their home in Mexico. They drove from Troy, N. Y., in an Oakland four touring car, Sunday, via the Mohawk Trail. The distance was 226 miles covered in 16 hours actual running time, averaging 20-23 miles per hour. The car made better than 14 miles on a gallon of gas. One blow-out in the evening and a heavy electrical wind storm with rains causing washouts were the features leading up to the trip.

Ben Hosmer went to Hastings Friday to visit his father, H. H. Hosmer, who is fire warden at that place for this season.

Mrs. Lucy Dow of Andover, formerly of Norway, was operated upon recently at the General Maine General Hospital at Lewiston. She has been in poor health for several years and the physicians now predict her health will become greatly improved in the future. Mrs. Dow is the daughter of Mrs. Fannie Eugenie Frost of Paris street.

Mrs. Hannah A. Billings, who resides with her son, Frank L. Brett on lower Main street, is a remarkable woman at 91 years. She enjoys excellent health and retains her faculties to a high degree. Few within ten years of her age have clearer vision. She easily reads without glasses the Red Cross receipt for a generous contribution, and quickly detected the wrong initial written on the slip. She is familiar with every phase of the war and her conversation indicates careful reading of news items and editorials on this subject.

NORWAY MUNICIPAL COURT

Wm. F. Jones, Judge

Oliver Drouin, 23, of Dover, N. H., paid a \$10 fine and costs amounting to \$5.09, for reckless automobile driving. The action was taken by Deputy Sheriff Ernest F. Shaw of South Paris with the authority of Deputy Sheriff Harry O. Shimson of Norway, Automobile Inspector.

The action was the result of an accident Thursday afternoon opposite A. D. Thayer's place on Pigeon Hill, when the six cylinder Red touring car with six passengers driven by the respondent collided with a provision truck owned and driven by Owen P. Brooks. Brooks was backing his machine from the yard as the joy riders suddenly appeared traveling toward Welchville. Drouin endeavored to clear without backing, but they came together. Neither car turned turtle, but the momentum carried the truck 32 feet before they stopped. Probably the 800 pounds of meat in the Brooks covered truck saved a spill as his car was pushed sideways the whole distance without toppling over.

Both cars were damaged considerably. Mrs. Drouin, the mother of the young man settled the damages to the amount of \$105 with O. P. Brooks.

Deputy Sheriff Shimson has recently received his appointment as Automobile Inspector in this district from the Attorney General at Augusta, and proposed to investigate every case of this nature brought to his attention. A little caution at the wheel may save more money for gas later on.

HARKEN BACK ON THE PAST

Twenty-five Years Ago This Week

J. W. Swan has formed a company to manufacture picture frames, mouldings, etc., office and salesroom in Hathaway Block, opposite Elm House.

F. W. Sanborn and R. P. Thompson are at Caledonia, Nova Scotia, on a fishing trip.

P. P. Sweet won prizes enough for quite a respectable sized jewelry store at the Wheelman's Tournament.

Forty-five G. A. R., twenty-four W. R. C. and twenty-two S. of V. attended the Sunday Memorial service at the Congregational Church and listened to a very interesting and appropriate sermon by the pastor, Rev. B. S. Bideout.

Twenty-four Years Ago This Week

The Norway National Bank has purchased a large Morris safe.

The corporation has bought one thousand feet of new hose.

Fred H. Cummings crushed the bone in his right foot Saturday by having a rock drop on it. Fred gets about on crutches and seems to be pleased that it is no worse.

The Grand Trunk ran two special trains, one from Lewiston and one from Portland, bringing steamers from those cities to Norway at the time of the fire. It was a large expense to them as the two trains were out some 16 to 20 hours, yet the Grand Trunk cheerfully gave their services to the town.

Work has begun clearing the Opera House cellar.

Sophia Davis' house had a little of the walls left standing. In the cellar the butter was not even melted.

The new laundry machinery has arrived and D. B. Morse expects to get the laundry in running order in a few days. He has bought the old bowling alley on Temple street and is to use it for his place of business. Mr. Morse takes care of all the work left with him. He expects to do it himself next week.

In 317 Signal Battalion

Elden D. Hall, formerly of Norway, is Sergeant in the 317th Signal Battalion at Camp Devens, Ayer, Mass. This battalion was recently presented with a silk flag bearing upon its staff a silver inscription plate as a gift from the Massachusetts Senate and was presented by Governor McCall.

Major John A. Murphy of the battalion promised that when the organization returned from France the silver plate would be suitably inscribed with the names and dates of battles in which it participated and that the flag should be returned to the chambers of the senate.

The presentation was due to the action of the Senate in "adopting" the battalion which, made up of men from nearly every State in the Union, and is literally a federal proposition.

At the close of the exercises which were held on Beacon street, Boston, the officers lined up with President Wells and members of the Senate while the organization lunched at the Cambridge Armory.

In a letter recently received from Sergt. Hall by his aunt, Lucy Hall, he said "everything is O. K. with us. President Roberts of Colby addressed the camp May 23. Believe me those tea cakes tasted mighty good."

Charles W. Evers, went to Bemis Thursday afternoon where he has several weeks' work for C. B. Cummings & Sons Co.

Frank M. Buckley finished work Saturday at the Carroll-Jellerson Shoe factory and returned to his home in Brooklyn, Mass. Mr. Buckley came to Norway about seven months ago from Springfield. He left Brooklyn, Tuesday, for Fort Slocomb, N. Y., to enter the service.

Mrs. Ella Jewett Cole served new radishes and greens on her table, May 25.

Alton Curtis, Roy Jordan, Percy Pogg and Phil Haskell brought home a generous mess of trout from the South Arm in Andover early in the week. The largest fish weighed four pounds.

Mrs. Mary Chase of Fryeburg, Ann Wiley and Mr. and Mrs. Benjamin Newman, and Mrs. Charles Brown recently spent the day with Della M. Noyes, Mrs. Chase, who is eighty-four years of age, is Miss Noyes' aunt.

ODE TO THE NORWAY ARMY

(Written by E. S. Worthen, Sergt. Worthen's brother.)
There's a little army in Norway,
As sacred as can be,
For it's all that is left to remind us
Of the brave boys of Company D.

And as you pass it remember
It's your duty to salute with just pride,
For it's all that is left to remind you
Of the boys on the other side.

They left all they loved behind them,
So they came from the farms and the hills,
So don't forget that old army,
For the boys "over there" love it still.

Germans are said to be wearing clothes made of paper. The Kaiser should be able to furnish them some raw material if they can utilize "scraps."

Children Like

To Take It

Thousands of children have worms and their parents don't know the trouble is. Symptoms of worms are: Deranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly with occasional grinnings and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red points sticking out on tongue, starting during sleep, slow fever.

Always keep Dr. True's Elixir on hand for such cases. It is promptly effective and the nice thing about it is that children like to take it.

Mrs. H. W. Roberts of 502 Asylum Street, Flint, Michigan, wrote to us: "I have used the Elixir and as far as I know my little girl is cured of worms. She wrote in again later saying, 'Baby is fine and I think it was your medicine that helped her.'"

Dr. True's Elixir, the Family Laxative and Worm Expeller, has been on the market more than 60 years and more and more people are using it all the time to expel worms, or to tone up the stomach and restore natural action of the Dr. J. F. True & Co. Lowell, Children's Elixir, Auburn, Maine, to take it. Write us. Auburn, Maine, 22-30

"WITH THE COLORS"

When I am far away
Darling, when I am far away
From you there in France
I ask you to always think of me
And pray I have a chance
To leave you dear was sad enough
The saddest thing of all
But I am not made of slacker stuff
When I hear your merry call
To be at home with you dear
Is happiness, that is true
But I cannot see the enemy
Down the Red White and Blue
I used to be with you often
Such beautiful happy days
And it makes me blue to think
Dear, that I am so far away.
Some day in the future
This great conflict will end
And the soldier boy who loves you
Will come back to you again.
'Tis a pleasure, to every girl
Who is left so far behind
To always remember the boy she loves
Who is on the firing line.
He didn't want to leave you
For he's a true American
And upholds the stars and stripes
When the boys are marching
And singing our National Hymn
It thrills my heart to know, dear
That I am one of them.
And I told you, dear
When I kissed your lips so sweet
That I was going to leave you
And we again might never meet.
Don't give up my dear
If you love me you will wait;
If we never meet on earth again
I'll be waiting in the Golden Gate.
Some girls are not patient
And will not wait that long
And will leave the soldier's wife
When he goes to fight the battle.
For his country and for his comrades
His thoughts are with the one
He loves, still loves, so true.
If he returns in years to come
And finds that you are false
His whole life will be ruined
And his happiness be lost.
Don't grieve my little girlie
Just make your love be true
And greet the boy in khaki
When he comes back to you.
Don't respect the slacker
They assure you a chance
The boys that you should honor
Are the boys who are going to France.
54th U. S. Regiment, H. F. Art. A. E. F.

THERE'S A MAN

There's a man from this house that is fighting
in France.
This house on the brow of the mountain
Buoyant his heart, while his blue eyes they
shine.
As he drinks from youth's own crystal
fountain.
There's a man from this house that is fighting
in France.
Keep our boy, keep him safe, prays a mother
In the wild battle fray, in the charge and
advance.
As he fights in the ranks with his brother
There's a man from this house that is fighting
in France.
On the battlefield all bloody and gory,
In fair Freedom's cause his sword and his
lanes.
Flash under the folds of Old Glory.
There's a man from this house that is fighting
in France.
The traveler each day, he is reading
From the card in the window that tells at
a glance
As home on his pathway he's speeding.
There's a man from this house that is fighting
in France.
Among the marines you will find him,
Doing his bit and taking his chances.
Like the other brave boys around him.
There's a man from this house that is fighting
in France.
And young Cecil is the name of the soldier.
He is there where the war has been hot
does France.
No young heart sure truer or bolder.
Dana Harlow.

THE ENDING OF THE WAR

Last night while I lay sleeping
A vision came so fair,
I stood on European soil
With General Pershing there.
He stood with hand extended,
With calm and steady brow,
And said, "The war is ended,
The war is over now."
"This is the day of victory
Here on the western shore,
We've crushed the Hun, we've stacked our
guns,
Our swords are in the sheathe.
"The day when Freedom shall abound
Like the ocean round us curled,
While the sacred hand of friendship
Shall clasp around the world."
I could hear the children singing
As they marched with waving hair,
And loud peals from the belfries
Rang out upon the air.
I saw no soldiers carrying arms
Nor gleaming bayonets fixed
I heard no sound of rolling drums
Or heavy cannonade.
"Come, stroll with me," the General said,
"Across the country wide,
I'll show you where our soldiers fell,
And where they fought and died."
Our flag was placed to mark the spot
Where sleep the true and brave,
I kissed the flowers that I brought
To strew upon their grave.
The General spoke these words of awe:
"The slayer of the Hun is here,
And bending low I thought I saw
A teardrop on his cheek."
"My life blood here I give
To make the world I leave behind
A decent place to live."
The fangs of war had left its mark
And shamefully defaced
Where the sacred work of art
Can never be replaced.
The river Seine flowed on its way,
I stood there on the shore
And heard a voice that seemed to say,
"The cruel war is o'er."
"Farewell, farewell," the General said,
And I hurried down the strand,
I longed to be in America,
My own, my native land.
And open wide my cottage door
And stand and look afar,
And say thanks to Heaven,
"Tis the ending of the war!"

NATURE STUDY

We know a bird which cannot sing
The reason why is just because
He is a "humming" bird.
"Miss Mary, quite contrary,
How is your war garden growing?"
"With potatoes it grows, and beans in rows,
And pretty maize do the hoeing."
"I used to raise shells and silver bells,
But now I'm a great deal wiser.
Our war gardens stand an aid to our land,
And a help to beat the Kaiser."

GREAT AMERICAN GRAIN

The wheat shortage is destined to make the people of the United States acquainted for the first time in their history with the great American grain—corn. When one comes to think of it, it is really surprising how few people in our land really appreciate this grain as they should. Corn bread, rightly made, has no superior as a regular article of diet. Those who have become accustomed to its use frequently prefer it to all other bread, and insist that one never loses relish for it. Corn was the staple article of food of the American Indian, from whom a finer race, physically, never existed. It was also the mainstay of the African slaves in the South for two centuries, and on the whole, it is the best food for the people to devour a forced abstinence from wheat bread so long as we have untold millions of the best grain God ever caused to grow out of the ground.

HARRISON

F. Lawrence Briggs in France
One of the boys who has gone "over there" from the town of Harrison is Frank Lawrence Briggs, son of Lewis and Louise A. Briggs. He was born in Harrison, Oct. 29, 1893. After attending the common schools in Harrison he assisted his father on the farm. He was especially interested in machinery.
Young Briggs enlisted last July in the 1st Maine Regiment, Heavy Field Artillery, Battery D. He went into training at Brunswick and later was sent to Boston. He he studied surveying. He was sent to England and shortly after to France, where he is now a private in the 101st Regiment, U. S. Engineers, Co. E, American Expeditionary Forces.
Mr. Briggs was last heard from by letter dated March 16th and received by his parents April 25th.
A short extract from one letter says, "I am engaged in repairing trenches and am living in a dug-out eight or ten feet underground, in bomb-proof cellar. I have seen several ruined cities."

LEFT-OVER POTATOES

There is no other vegetable for which there are so many delightful uses as for the potato. It combines well with other materials or it can be used all by itself. Surely you are not failing to make use of this versatile vegetable.

Set on the back of the stove and stew slowly, stirring with a fork occasionally until all the milk is taken up. Season with fat and pepper and serve.

Scalloped Potatoes and Cheese—Cut cold boiled potatoes into dice. When ready to use season them well with salt, pepper and melted fat. In a greased baking dish arranged alternate layers of potatoes, grated cheese and white sauce (medium), having sauce on top. Heat in the oven and serve.

Beat the entire mixture together and place in a greased baking dish; set in a second pan containing hot water and bake in the oven until firm. Serve with tomato sauce.

Potato Fritting—One and one-fourth cups mashed potatoes, 4 tablespoons fat, 2 eggs well beaten, ¼ cup milk, ¼ teaspoon salt, ½ lemon (juice and rind), 1 tablespoon sugar, ¼ cup raisins and nut meat. Add to the mashed potatoes fat, eggs, milk, lemon juice, grated peel and sugar. Beat all ingredients together and bake in greased dish three-fourths of an hour or longer. Serve with top milk.

Potato Puffs—Two cups mashed potato, 2 eggs, 1 cup grated cheese, ¼ cup milk, 1 teaspoon salt. Add the milk to the potato and beat until thoroughly blended. Add the beaten egg and salt, gradually adding the grated cheese. Bake in greased tin or ramekins in a slow oven.

DEATH OF OXFORD COUNTY LAWYER

Hon. George D. Bisbee, lawyer, officer in the Revolution, banker and political leader, died in his home in Rumford Falls, Sunday, aged 77 years. Mr. Bisbee was an active, interesting and influential man. He suffered a shock on March 21st.

Mr. Bisbee was born July 9, 1841, in Hartford. In common with country boys of that period, he had but limited opportunity to attend school, acquiring the ground work of his education in his native town in the common schools and rounding it out in the high school at West Paris. Before he had decided what career to adopt or make special preparation for, came those stirring days of 1861. Regiment after regiment was recruited, mustered in, trained and sent south. He cast his lot with the 16th Maine Infantry at its organization and went through to Appomattox.

Mr. Bisbee has written several interesting papers for the Maine Commandery, Order of the Royal Legion, reciting in part thrilling accounts of scenes when he and his comrades were in the death grapple which fell so frequently within the scope of a 16th Maine man. Two breaks occurred, the first after the battle of Fredericksburg, when he resisted attempts of surgeons to amputate his wounded arm and in consequence of which terrible wound he was given honorable discharge; the second, after he had rejoined his regiment with the commission of lieutenant, a year and a half held captive in a Confederate prison. He refused to accept release on condition he would accept discharge, being exchanged in time to go on with his comrades to the victory April 9, 1865, which he and they had been fighting for nearly four years.

He was at Antietam, Fredericksburg, practically incapacitated from his wound received there. Through the instrumentality of Vice-President Hannibal Hamlin, he was reinstated in 1863 in season to participate at Chancellorsville, carrying his wounded arm in a sling to move over in Pennsylvania, whence Lee's lines were captured with scores of the regiment the first day of the battle of Gettysburg. Lieut Bisbee was held in Libby and other Southern prisons until December 1864, when released on exchange. It was the belief of Confederate surgeons that his arm would never be useful again and that he would never rejoin his command in the field. Despite that confidence, he was in camp and on the march the next four months, always declaring thereafter, at the fitness of the arm as an Army mottos read him for his hardships, privations and sufferings of the previous four years.

He decided on law as his profession and applied himself so assiduously to the study of its tenets that he was admitted in December, 1865. He opened a law office in Buckfield in January, 1866, and remained there 22 years, being a close friend of Hon. John D. Long, native of the town and summer resident long after his removal to Massachusetts, where he became Governor, member of Congress and Secretary of the Navy.

Mr. Bisbee early acquired a keen taste for political combats and was a recognized Republican leader many years. He served as county attorney in the Senate and House, as collector during Governor Cobb's administration, as State bank examiner, as United States marshal for Maine, and in a host of minor capacities in Buckfield and Rumford Falls, whence he removed in 1892. He attended party conventions, town, county, State and national, was a keen and resourceful debater and brilliant stump speaker. His law practice engaged his chief attention along with the business, enterprises incidental to it. Mr. Bisbee was a member of the firm of Bisbee & Parker, was a member of the Baptist church, trustee and active in the recent unit of Baptists and Free Baptists, was long a trustee of Hebron academy and chairman of the board in 1907, long the president and later president of the institution, president of the Rumford Falls Trust Co., director and attorney of the Portland & Rumford Falls railroad. Interested in varied local enterprises and his whole career was one of great activity.

A LIFE'S UPS AND DOWNS

A Boy Born in Oxford County Tells of His Eventful Life. Courage his Great Asset

Dear Sir:—
You have asked me to give you a sketch of my early life in Oxford County and our removal from there to Aroostook Co. My father, George H. Akeley was born in Milton Plantation. He was the son of John Akeley. My mother was Almyr D. Penley of South Paris. My parents lived in several different localities before emigrating to Aroostook.

F. M. AKELEY

In the spring of 1860 father sold his farm and in company with his brother, Augustus, took a pair of horses and went to Aroostook, "what was then a frontier country" to explore with an idea of settling there if it looked good to them. Father bought the improvements of one Joseph Piles and went to work. He put a small crop in the ground and left it to his brother to take care of and took a horse and started back to Oxford County after his family, horseback. He said the second day of his journey he got about ten miles and had to drive the horse ahead of him with a club. However he arrived in good time the sixth day.

It took him some time to get ready to move. He rigged six one horse teams and took all of his household goods. In one of the wagons he put a bed and stove and mother and the small children rode in that. There were seven children in all.

We settled in what was at that time the town of Mayville. It has since been annexed to Presque Isle. Father sold his horses the next year to go to the army.

We had a hard time to get a living. The country was frosty and we could not raise wheat and was obliged to live on buckwheat and rye bread and could not always get enough of that.

In the winter of 62 and 63 father enlisted in the 6th Maine battery. He came home in August, 1865, after the war closed.

There were seven children born in Aroostook, making a family of fourteen. My mother died in the winter of 1865. Some years later father married Anna Davis. Two children were born to them, a son and daughter. His wife and the two children are still living. Of the first family there are six boys and two girls now living.

When I was twelve years old I left home, father being in the army, and went to work and I got six dollars a month. I worked eight months and saved \$30 to take home to my mother which was quite a help to her. I continued to work out most of the time until I was 20 years old and as I grew older I got more wages. I worked on farms, in the lumber woods, on the drives, in the mills, etc.

When I was 20 years old I left Presque Isle and went to Portland. I got a job working for the Shepley as coachman, worked there two years and went to the night school most of that time. Mrs. Shepley helped me to get a job with Shaw, Hammond & Carney, wholesale grocers, but the pay was small and I could not live so I gave up the job and went to New Hampshire and worked there a year.

While there I became acquainted with Miss Nellie Cummings of Lancaster. We were married Oct. 3rd, 1877 and went from there to Aroostook. When we got there my wife had fifty dollars and I had \$150. We bought 80 acres of wild land with about five acres cleared and a little shell of a house 12 by 16 feet and moved into it. We had paid our \$200 on the place and had nothing to eat, drink or wear and no furniture or cooking utensils, and nothing but my hands to get anything with. But I worked out some and a dollar went a good ways in those days. We lived there three years, I made some addition to the house, built quite a good barn and cleared about 30 acres of land.

The second year that I was there I raised 2000 bushels of potatoes where it was heavy growth of trees the year before, hauled them to the starch factory, three and one-half miles with a pair of three-year-old steers and got 25c a bushel. At the end of three years I sold my farm and we had \$1200. I bought a better farm, paying \$1,000 down and giving a mortgage for \$200. We moved to this farm in the fall of 1880. It took me 15 years to get this farm paid for and a good set of buildings, stock and farming tools.

I was burned out in 1895, "nothing saved," built a new set of buildings. About that time we had a series of hard years. I raised from 2500 to 3000 barrels of potatoes and for three years in succession they sold for from 20 to 40 cents a barrel and it cost not less than 75 cents to raise them. At the end of three years the fire and the potatoes had put me in debt for more than my property would sell for. The buildings cost \$4,000 and the most that I could get for the farm was \$4,500. I sold this farm and bought an old run out farm for \$1,000. I improved this farm, lived there four years and sold for \$3,700.

Since that time I have owned, bought and sold quite a number of farms. In 1907 I moved into the village of Presque Isle and have dealt in potatoes, fertilizers, sheep, lambs and cattle to a considerable extent, and have had a large farm that I carried on at the same time.

Six years ago, 1912, I was burned out again, "my farm buildings." My loss was about \$7,000, "no insurance." At the same time my potato business went bad, hard years again and farmers did not pay for fertilizer, had lots of sickness. Creditors and Fertilizer Co. took the last dollar. Sixty years old, not a dollar left.

had to commence again, family helpless, dependent on me wholly.

Last year wife and I went to the Pacific coast. I expect to go again this year. I intend to locate there permanently. We had a family of six children, three girls and three boys. We lost one of our boys six years ago. The others are all grown up and have families of their own.

I have had quite an eventful life, but my health is good and I believe I can go to Oregon and adapt myself to the people there and make good along the same lines of business that I am accustomed to here. Having been there I believe it offers great advantages in the way of climate, health and comfort over this country. Our family is subject to pneumonia, most of us die of that disease.

One of the last incidents that I recall before we left Oxford County for Aroostook, was going with my parents to visit some of our relatives at Abbott's Mills. My father's grandfather was there. He was a soldier of the Revolutionary war and lived to be over 100 years old.

All my life I had longed to go and see the home of my early childhood. In 1910 I was out to South Paris visiting the Penleys. Chas. Penley and I went up the Androscoggin river until we came to the place. We found where the old schoolhouse had been, "all rotted down." We went up through the woods until we came to some large trees fell across the road. We left our horse and walked till we found the place where we used to live, where father raised great fields of corn. It was grown up to trees. I said a foot and a half through. There were fourteen families in the neighborhood when we lived there, and every farm was abandoned. From what I saw of that country on that trip I think it is more than fifty years behind Aroostook.

GOING! GOING! GONE!

This is the story of many of our old friends of peace time commerce. One by one they become scarce and disappear. As sensational as any has been the story of the plebeian burlap sack. A few years ago so common that grocersmen gave them away to get rid of them, and farmers used them for barn-door mats, now they have become so much in demand that a man will struggle or farmer fight with one about as willingly as he does his fur overcoat. Burlap is one of those products caught by the gods of war and is almost out of the commercial market. Burlap for household use has all but gone, and the price is away beyond its value. Used for sacks it cost only a question of time when it cannot be had. Fertilizer manufacturers have resorted to 200-pound sacks in order to save the burlap, which has effected considerable savings. The price they are forced to pay for the burlap has added materially to the cost of the fertilizer. And now we are facing the probability that sufficient burlap can no longer be had. Bulk shipment of fertilizer next year is by no means unlikely. Manufacturers are already considering the necessity. Meanwhile, it behooves the consumer, particularly the farmer, to save all the bags he has on hand and care for them to make them last as long as possible.

The great battle on the Western front is again resumed. The Allies lost ground, but later bulletins are more reassuring.

Big Send Off for Draftees
More than a thousand people from Norway, Paris and surrounding towns gave the 137 draftees who entrained at South Paris station for Camp Devens Wednesday morning a rousing send off and a heartfelt Godspeed.

About 8:30 the large contingent gathered at the County Buildings for a photograph by V. Akers of Norway, after which they were arranged in squads by Sergt. G. E. Sinkinson of Camp Devens, who was detailed to conduct the men to Massachusetts. The line of march was taken to the station where three passenger coaches were in readiness for their departure. They were met by a long procession which included the South Paris and Norway Boy Scouts, Singing and cheering by the Paris and Norway High School and citizens. Singing and cheering by the Paris and Norway High School and citizens. Singing and cheering by the Paris and Norway High School and citizens.

The young men who went at this time to perform their duty are a husky lot and qualified to uphold the tradition of old Oxford County. They came from the farm, the office and shop to do their bit. While they appeared cheerful, yet a determined expression which brooded no good for the German army if they ever meet.

Towns in Oxford County are generously repaid in the contingent, Rumford and Mexico being the most strongly drawn upon. Among the local men are from Paris, Elbridge F. McDonald, Ralph C. Ryerson, Allie Cota, Linwood M. Corbett, John Wilson, Roscoe Hazen Butler, Wallace Alton Clifford, Benjamin Bird Twitchell, Edward B. Shaw, Fred Norway, William Ferdinand McKay, Benjamin F. Hosmer, Edwin G. Austin, Carroll G. Herrick, Percy Y. Fogg, Herbert C. Rich, James Roscoe Crooker and Raymond H. Brooks.

Another Quota Goes Friday
Twenty-one draftees from Oxford Co. to fill Maine's quota of 500 will leave South Paris Friday May 31. They reported at 10 o'clock in the forenoon and entrained for Fort Slocum, N. Y., at 5:50 p. m. Among the Norway men are Wm. H. Bisbee and Ralph Oliver Millett. Paris will send Harold I. Merrill.

Ethel May Shorey Company
C. R. Shorey, veteran cross-road theatrical barn-stormer and printer for forty years or less made us a pleasant call Wednesday. He was enroute for West Paris where the Ethel May Shorey Co. will hold the boards tonight (Wednesday). Miss Ethel May is his daughter and some actress, too. There are some six to eight performers in the company and they travel by auto. Yes, Ford autos, two of them and a truck. At No. Waterford they played to a \$79.00 house Tuesday night.

At Bryant's Pond Thursday evening, the 30th, and Andover Friday and Saturday. Then comes a jump to Jackman, Me.
Of course we were pleased to renew acquaintances with Brother Shorey, the show man, and to see that the weight of years sets lightly on him.
He owns a farm in Berwick, Me., where he rests up and spends his surplus wealth on the road and Ethel May writes plays and tends the docks. He is a nephew of Major Henry Shorey of the Bridgton News.

Norway has completely gone over the top with their Red Cross contributions. The quota for the town was \$775 but \$1,750 has been received to date with amounts coming in. Fred E. Brown predicts the South Oxford district will go results are known.
Berenice Nash completed her labors in the office of the Carroll-Jellerson Shoe Co., Saturday last.

Mrs. Florence Hall of Augusta was a week end guest of her sister, Mrs. James N. Faver and family.
Mary Dresser and Tessa Thibodeau, teacher of the 3rd grade, spent the week end with Miss Dresser's parents, Mr. and Mrs. J. W. Dresser, at North Waterford.
David O'Connell closed his labors as superintendent of the Carroll-Jellerson factory Saturday.
Marjorie Buswell went to the C. M. G. Hospital, Lewiston, Saturday, for treatment.

A further call is being made by the Navy Department for young men to man our ships, increasing in number daily, and naval vessels and merchant vessels in Transport Service. Young men may communicate directly with Recruiting and Enrolling Stations now at Waterville, Dover, Houlton, Augusta, Lewiston, Bangor and Portland. It is urgent that young men respond and without delay, especially those between the ages of 18 and 35.

BRYANT'S POND

Flag Raising at Bryant's Pond
Tuesday evening, May 28, about two hundred people gathered at the home of Mr. and Mrs. Dexter Pevelev to witness a flag raising in honor of their son, Edward D. Pevelev, who is now in France with the American Expeditionary Force.

The flag pose has just been completed by Mr. Pevelev and set as it is on the eastern side of the wide lawn makes their pleasant home still more attractive. The following patriotic program was carried out:

Selection.....Bryant's Pond Band
Salute to the Flag.....James P. Bowler
Address.....G. W. Q. Perham
Remarks.....G. W. Q. Perham
Remarks.....Harold Gammon
Selection.....Bryant's Pond Band

At the close of this program Mr. Pevelev expressed his thanks to those present for this evidence of their appreciation of the work of our boys "over there." Three rousing cheers were then given for Old Glory and three more for Mr. and Mrs. Pevelev. The address of Mr. Bowler, who is one of the oldest Civil War veterans in town, was patriotic and stirring. In this speech he reviewed the history of the flag and showed not only what it has stood for to soldier and civilian in past years, but also what it signifies in the present world struggle.

Guests present from out of town were Mrs. Edward Pevelev, Mrs. Frank Trayner, Maude Campbell, Maurice Campbell and Master Campbell Eastman, all of Mechanic Falls.

Summer Guests Arriving

The opening of the summer season here has had a beginning much earlier than in former years, when there was hardly a guest who arrived in May. At this date there is already a number of cottages around the lake. Rev. F. H. Kinsman, the Bishop of Delaware, is at his old place—Birchmere. Mrs. Vaughn Smith Hall's cottage is occupied by Mr. and Mrs. Otto and J. S. Smith of Paterson, N. J.

The Cooper home, owned by trainmaster Cooper of the Grand Trunk, was also opened this week. The Lakeside Cottage is to be opened again this season. Likewise the Ricker House, which can accommodate a large number of guests. The present indications are in line for a rush to be inaugurated here in the month of June.

A new High School paper, "The Brakka," is out. A very tasty little paper with a magazine form. Among the features is a general editorial and a timely article by Ralph M. Bacon, a member of the school board.

The Henry Clay Cole residence on Main street was sold last week for occupancy to Seymour W. Brooks of this village. It is owned by Edwin H. Cole, who formerly resided here, now of Berlin, N. H.

The past week has been a banner week for the Red Cross Fund. One feature of it came through a benefit given at the Franklin Grange Hall on Wednesday evening. There was a crowded house. It was the presentation of the three act drama, "Wrecked in Port," with a cast of local talent under the management of members of Franklin Grange. One of the old fashioned dramas, well played and well received. Ben's Orchestra assisted in the evening.

Baby Willard came home Friday from South Paris, where she had spent a few months with her grandparents, Mr. and Mrs. J. McCann.

Mr. and Mrs. Gilman Whitman of South Paris were week-end guests of their daughter, Mrs. Clara Hathaway. Mr. and Mrs. Llewellyn Bryant of Locke's Mills and Mrs. Henry Austin of Bethel, called on Emily J. Felt, Sunday evening. There was home over Sunday and went to Portland, Monday to attend the Grand Chapter of the Eastern Star.

Past Patron James M. Day attended the Grand Chapter, O. E. S. in Portland this week.
Nelson Cole has moved his family into Consider Farm's house.
Rev. E. H. Stover and wife are spending this week at Old Orchard with her brother and sister, who came to their old home from Massachusetts for a short vacation.

Memorial Sunday was well observed with a good attendance, special music and a good sermon by Rev. E. H. Stover. The soldiers of the Civil war are few in number, but there were a few of the G. A. R. Post present escorted by the young boys in their uniforms, led and drilled by Harold Gammon. He looked very pretty, also the Knights of Pythias were present.

Next Sunday the graduating class of the High school will attend church, sermon by Rev. E. H. Stover.

BRIDGTON SECURES BIG AMOUNT

Bridgton's reply to the request for \$1,000 in the Second Red Cross War Fund drive is \$17,000 on Monday morning, with the prospect of more subscriptions being received before the close of the drive. The thermometer in the squares were not high enough to show the amount. Rev. A. A. Callaghan, chairman, and the members of the committee have been very active in this matter and people have given freely.

TAKE PEPTIRON NOW

Needed in the Spring by Pale, Weak, Nervous People.

Peptiron is in the form of pills, chocolate-coated, pleasant to take, easily assimilated, and is the most successful combination of iron of which its makers, C. I. Hood Co., Lowell, Mass., have any knowledge. You must have an abundance of iron in your blood if you are to be keen, quick and fit in the battle of life, overcome obstacles and know no such thing as failure. For several reasons lack of iron in the blood is more noticeable in the Spring than at any other time.

Besides iron, Peptiron includes pepsin, nux, celery and other tonics, nerve helps and digestives. It gives strength, color and body to the blood; reddens pale cheeks, steadies the nerves, improves the digestion, nourishes and gives stamina to the whole body.

It is the tonic Spring medicine for you and for your family—especially good for spindling boys and girls. Take it this Spring.

His son, Merton, usually goes and starts from here soon after noon from Lewiston, takes the papers from the afternoon train there for Rumford and back home arriving here about midnight. It makes a good chance for the public to travel whenever one wishes to make to trip or any part of it all along the way and Merton often it has passengers.

Those who attended the memorial sermon by H. H. Hathaway Sunday morning certainly heard an up-to-date stirring address. A mixed quartette led the patriotic music. Four old soldiers, two wives and two widows attended in a body. The old soldiers are very few in this vicinity.

W. W. Fillebrown, local chairman for the 2nd Red Cross War Fund Drive, appreciates the way the people of Waterford have given to this good cause. The town is still on the map, going over the top fully 50 per cent. All enjoyed the social evening and came away bidding Carroll Godspeed and a safe return.

Social for Boys

The Swift's Corner school held a social at the schoolhouse, Friday evening, May 24th in behalf of Carroll Herriek, Eddie Austin and Will McKay, the three boys who have recently been called to the colors. Here in this school all three were students more or less until grown to manhood, two of them receiving almost their entire education here, so it seemed but fitting that the pupils of today should in some way remember the boys who had been students here but a few short years ago and who are now going out from among us to fight for the good old U. S. A.

An interesting program was given by the children. At the close of the program, Mrs. Issie Cox in her usual pleasing manner made some very appropriate remarks and in closing presented the school with a service flag containing three state one each for the three boys.

Maybaskets filled with goodies were then placed on sale. There was a large crowd present and the baskets sold very readily, some of them bringing almost fabulous prices. The goodly sum of \$12.50 was received from the sales which was divided equally and presented to the three boys as a token of remembrance from the Swift's Corner school.

Reception for the Boys

The reception given Saturday evening at C. D. Morse's in honor of Carroll Herriek, Eddie Austin and Will McKay, the three young men who have been called into service from this vicinity was large, attended and was a very pleasant affair. All roads seemed to lead to the Swift's Corner, people coming on foot, by team and by automobile from all directions until nearly two hundred gathered. In the early evening there was music on the victrola, also some very sweet music on an accordion played by the boys. The young men we did not learn. There were games on the spacious lawn into which the young people and indeed some not so young entered with a keen zest good to look upon.

Two of the young men being members of the Loyel Order of Moose the lodge was invited to attend and help give the boys a royal send-off. A goodly number of members were present and they with their families and the three boys with their immediate relatives were given a hearty home supper at the home of Mr. and Mrs. Horace Hussey. About seventy partook of the bountiful collation.

After supper there was interesting remarks by Supt. T. C. Morrill, also by some of the ladies. Then all gathered at the Moose headquarters where the ladies' pies were auctioned off and ice cream sold. All went merry as a marriage bell until the hour of twelve drew near which was the signal for departure. The tidy sum of \$18.60 was received from the sales, which was immediately divided up and presented to the three boys as a token of regard from the community which they are leaving. May God guard and keep them and when the Huns are beaten bring them safely home.

SUMMER

In view of the coming graduation, we think it timely to say a few words regarding the Summer pupils who are taking high school courses in the various secondary schools. They seem to be carrying out their share of well earned honors as usual. Mona Barrett of West Sumner, who will graduate from Hebron Academy in June has the second honor party, being salutatorian. In the graduating class of Buckfield High School, Elsie V. Garey of West Sumner has first honor party, being valedictorian. Ruth E. Ellingwood of Hebron Station has the salutatorian. Chester B. Red Cross Demonstration

A successful demonstration was given in Market Square on the evening of May 28 for the purpose of arousing the people to the call for Red Cross funds. The newly organized Red Cross Branch of the Southern Oxford Chapter were prominent in the work of producing a series of patriotic tableaux on exhibition in the store windows.

The tableaux were as follows: William O. Frothingham, two windows, "Come Across" represented by "France," Gladys Damon, Uncle Sam, Raymond Dunham, "Columbia's Flag," Mrs. Mildred Cole bearing the banner, "Be Patriotic," "The Girls' Patriotic League were dressed as Red Cross nurses and sang before the windows under the direction of Mrs. Agnes Morton who played accompaniments on an auto harp; at the first tableaux they sang "Uncle Sam has Heard the Call Across the Sea," and "Columbia, the Gem of the Ocean." For some time the Boy Scouts paraded in the Square in military formation with H. G. Fleming as drill master, and considering the few times that they have had opportunity for drill, they made a creditable showing.

Just before eight o'clock the scholars marched up from the brick schoolhouse, in charge of their teachers, and grouped at the lower side of the plot in the Square and sang The Star Spangled Banner and Keep the Home Fires Burning.

Speeches were made in front of the Pythian Block by Walter L. Gray, who was in charge of the campaign here and Harold T. Briggs. It was then announced that the Trust Co. would be open to receive money and pledges, voluntary contributions, and that the people could pass through the bank and sit at the other door. As soon as the doors were open, the people who were massed at the front of the bank began flowing through in a steady stream, leaving their money.

Not long after nine o'clock it was announced that up to that time a total contribution of \$750.50 had been received before the bank closed for the night. South Paris's minimum was \$450.00.

Up to Monday morning the figures for the town of Paris and its several sections were as follows, as reported by Mr. Gray. This gives a 219 per cent. of quota:

Red Cross Demonstration.

West Paris. Quota \$2.05 Raised \$32.95

Paris Hill. 125.00 600.00

South Paris. 450.00 870.85

Total for town. \$825.50 \$1,512.39

It is expected the South Paris figures will be slightly increased after the full returns are tabulated.

STANDARD OIL COMPANY of NEW YORK

MANUFACTURERS OBLIGED TO SECURE SUGAR CERTIFICATES

Food Administration Urges Increased
Use of Milk for Children—Asks
Farmers Release Wheat.

Orono, Maine, May 30.—According to the new sugar regulations announced by the United States Food Administration through Federal Food Administrator Leon E. Merrill no manufacturer using sugar in his products can obtain sugar without surrender of an authorized distribution sugar certificate. Certificates will be issued on receipt of a sworn statement from the manufacturer of the amount of sugar he used last year and application for the sworn statement form and the certificate must be made to Food Administrator Merrill at Orono.

Under the regulations no retail grocer shall sell sugar to manufacturers using sugar in their products after May 15th without the required certificate. This does not apply to bona fide legal contracts made prior to May 15th.

The seller of sugar is required to cancel and return to the Federal Food Administrator issuing them, all sugar certificates upon which he made sales of sugar.

Sugar For Home Canning.
Householders and consumer customers are required to fill out a certificate in order to secure sugar for canning purposes and these certificates will be provided by the retail dealers in each community.

Food Administrator Merrill wishes it distinctly understood that the sugar certificates are not for general distribution and must be retained by the dealers to be filled out by the consumer customers at the time purchases of sugar are made.

Milk Important Food.
Milk is one of the most important food sources the human race possesses. For the proper nourishment of the child it is absolutely indispensable and its use should be kept up in the diet as long as possible. Not only does it contain all the essential food elements in the most available form for ready digestion, but the recent scientific discoveries show it to be especially rich in certain peculiar properties that alone render growth possible.

This essential quality makes it also of special value in the sick room. In hospitals it has also been shown that the wounded recover more rapidly when they have milk.

For the purpose of stimulating growth, and especially in children, butter fat and other constituents of milk have no substitutes. Therefore, says the Food Administration, every parent owes to himself and to his family the duty of providing requisite amounts of milk, butter, cheese and other dairy products. During the last winter, when much agitation was had in some large cities over the price of milk, which was advanced from two to three cents per quart by reason of the rapid rise in the cost of feed and labor, many families among the poor were found giving their children tea and coffee instead of milk. Such methods of feeding fail to nourish the child properly.

In spite of the shortage of milk in Germany, that country has at all hazards maintained the milk ration of the children and in the hospitals, even though to do so has meant that the adult population has had to forego largely its use. In a "safety first" health campaign it must be remembered that it should be "children first."

Binder Twine for Harvest.
Farmers are earnestly requested by the Food Administration to place their orders for binder twine as soon as possible, so that the local dealers can provide an early shipment for an adequate supply of twine to meet their harvest requirements.

Retail dealers have agreed to distribute the twine to the farmers on a basis, which, considering the necessarily high price of twine, does not seem unreasonable. An ample supply of binder twine is assured, and therefore, there need be no uneasiness about the supply of twine in time to meet harvest.

Further Restrictions.
Further restrictions against the use of meat have been put in force in England, according to word received by the United States Food Administration. Only two coupons for butchers' meat can be used per week, instead of three as had been done since the country was rationed and the distribution put under the card system.

The British meat shortage is being felt more severely than at any time since the war started. That the shortage is not confined to meats, however, is shown by the fact that effective control of the milk supply is already being considered in order, to meet the possible greater shortage later in the year and that some sections of English labor are favoring extensions of the compulsory rationing system to bread, cheese, and tea. There is a marked difference of opinion as to the efficacy or desirability of such a move however.

Urge Release of Wheat.

RUMFORD CENTER

Struck by Auto
While returning home from an entertainment from Grange hall at Rumford Center, Thursday evening at midnight, R. Brooks Stratton, a civil engineer was struck by a passing automobile.

Two automobiles met and the driver of the Hanover stage was blinded by the glare of lights. In turning out he ran into Mr. Stratton, who was about, from behind, throwing the man down and running over him. The man was cut and bruised and received a bad scalp wound. He did not lose consciousness. His three-year-old son was with him in a baby carriage and was thrown a considerable distance, but received only slight bruises. The baby carriage was smashed. Mrs. Stratton, who was walking with her husband and the child was uninjured.

BETHEL

Bethel Grange
At Bethel Grange meeting Thursday evening five candidates received the third and fourth degrees. Refreshments were served after which the program was carried out which included singing by grange members, reading, clippings by different members; the Master gave a very interesting talk on the good of the order.
Mr. Cushman has been a member of the Grange many years, has served as master six years and is very much interested in the Grange. He told what the Grange was over forty years ago and related an amusing incident. He said that years ago "They had just taken in a large class of young people and as they were desirous of keeping them interested some one proposed having a drama when an old lady remarked, 'I don't want to see a drayman and I am not going to now.' That ended it. Another time a young man carried his violin but there was objection to quick music in the Grange, and finally they lost their young people." He told of the different things the Grange had been influential in bringing about like the parcel post, the rural delivery, etc. The lecturer announced that at the next meeting, June 12, the circle would meet in the afternoon and have a supper.

Just before leaving the church the band played stanzas of "The Star Spangled Banner." "Where is My Wandering Boy?" The church was filled, and after the band played a selection, the invocation was led by Rev. Mr. Curtis, all joined in the Lord's prayer and while the people remained standing everybody sang two stanzas of "The Star Spangled Banner." Rev. Mr. Curtis read the Scripture and Mona Martyn sang an impressive solo. Prayer was offered by Rev.
